Re: **60-DAY NOTICE OF VIOLATION OF CALIFORNIA LAW**D&L File No. 61234.4

Dear Mr. Zhou,

Your company is in violation of California's Proposition 65, "The Safe Drinking Water and Toxic Enforcement Act of 1986." We represent Maria Elizabeth Romero, a California resident and concerned citizen who intends to file suit against you in the public interest if this matter is not resolved within 60 days.

Enclosed with this letter for your information is a copy of a Proposition 65 Summary prepared by California's Office of Environmental Health Hazard Assessment.

AK Scientific, Inc. sells high-purity chemical products directly to consumers via the Web site located at https://AKSci.com. "Listed Chemicals" are those substances which the State of California has recognized as causing cancer, birth defects, or other reproductive harm. The following products are sold by AK Scientific via the referenced Web site without adequate warning, in violation of the requirements of Proposition 65.

PRODUCTS: All products sold by AK Scientific via the

referenced Web site which contain a Listed Chemical in a purity of 10 percent or higher,

whether in solid form or in solution.

ROUTES OF EXPOSURE: Dermal contact, ingestion and inhalation

DATES OF EXPOSURE: Between August 31, 2018 and July 24, 2019

Mr. Kevin Zhou, AK Scientific July 24, 2019 Page 2

Since August 30, 2018, California law has required that a clear and reasonable warning be provided to consumers buying any product online which contains a Listed Chemical, prior to completion of the purchase. Manufacturers have primary responsibility for ensuring that compliant warnings are provided at all stages of the supply chain. Sales of the referenced products to educational institutions in California without adequate warnings have resulted in the exposure of individuals in the State to Listed Chemicals as described.

Enclosed with this letter as Attachments "B" and "C," respectively, are a non-exhaustive list of products sold by AK Scientific in violation of Proposition 65, and a list of Listed Chemicals for which violations are alleged. Attachment B is provided for reference only and contains a list of example products offered for sale on the referenced site, which contain Listed Chemicals whose names begin with the letters A or B.

Your violation of California law exposes AK Scientific to substantial civil liability. A court may impose penalties of up to \$2,500 *per day* for each violation. With more than 300 days having passed since regulations requiring online warnings became effective on August 31, 2018, and online offerings for hundreds of its products violating the law, AK Scientific's potential liability is enormous.

The purpose of Proposition 65 is to protect the citizens of the State of California from unwitting exposure to reproductive harm and carcinogenic substances. Accordingly, private settlement of this matter will require your agreement to: (1) provide Proposition 65-compliant warnings to California residents prior to internet sales of products containing Listed Chemicals; and (2) require that any entity in the supply chain for consumer sales of your products also provide compliant warnings. Any settlement agreement will also contain an enforcement mechanism providing for substantial penalties in case of non-compliance.

Attached hereto is an executed Certificate of Merit regarding AK Scientific's violation of Proposition 65 described above. The Attorney General of the State of California, all District Attorneys in the State, and City Attorneys for California cities with more than 750,000 residents have received a copy of this Notice and may bring suit against you within 60 days of the date of this Notice. Any settlement of the violations described above is subject to approval by the Attorney General of the State of California.

Mr. Kevin Zhou, AK Scientific July 24, 2019 Page 3

To prevent the necessity of resolving this matter through litigation, we would be grateful for your prompt attention to these matters.

Very truly yours,

Benjamin D. Weston

CERTIFICATE OF MERIT (AK Scientific)(Health and Safety Code Section 25249.7(d))

I, Benjamin D. Weston, hereby declare:

- 1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notices have violated California Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.
- 2. I am the attorney for the noticing party.
- 3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposures to the listed chemicals that are the subject of the action.
- 4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
- 5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), *i.e.*, (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Certificate of Service

- I, Chris Johnson, hereby declare:
- 1. I am, and was at the time of service hereinafter mentioned, a resident of the State of California, over the age of eighteen years, and not a party to the within action. My business address is 498 Calle Principal, Monterey, California 93940.
 - 2. On July 24, 2019, I served the following documents:
 - 60-Day Notice of Violation (with Attachments A, B and C)
 - Certificate of Merit

on the following party by the method described below:

Kevin Zhou, Chief Executive Officer AK Scientific, Inc. 30023 Ahern Avenue Union City, California 94587

- 3. On July 24, 2019, I served the following documents:
 - 60-Day Notice of Violation (with Attachments B and C)
 - Certificate of Merit

on each of the parties on the service list attached hereto by the method described below.

BY MAIL: I deposited such envelope in the mail at Monterey, California, with postage thereon fully prepaid. I am readily familiar with my company's practice of preparing correspondence for mailing. Under that practice it would be deposited with the U.S. Postal Service on that same day with postage thereon fully prepaid in the ordinary course of business. I am aware that service is presumed invalid if the postal cancellation date or postage meter date is more than one (1) day after date of my signature below.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
